REMSA Statement on Senate confirmation of Amit Bose

WASHINGTON, DC, January 12th, 2022 –

After Amit Bose was confirmed by the Senate on Wednesday to serve as Administrator of the Federal Railroad Administration (FRA), the Railway Engineering-Maintenance Suppliers Association (REMSA) released the following statement:

“REMSA congratulates Amit Bose on his bipartisan confirmation by the US Senate this afternoon to be FRA Administrator. His experience with rail projects and at multiple levels of government will benefit the administration and its stakeholders. We look forward to working with him and the FRA on issues that impact rail suppliers and the maintenance-of-way industry.”

REMSA represents roughly 250 rail maintenance-of-way manufacturers and suppliers, engineers, contractors, and consultants across the United States. The rail supply industry contributes nearly \$75 billion to the national GDP annually.
