

Chuck Ewing, REMSA Director

Vice President, Track Services, Progress Rail Services

Chuck Ewing began his career in the rail industry more than 20 years ago. After serving his enlistment in the U.S. Army, Ewing joined Airgas North Central supplying welding gasses and consumables to the Class 1 Railway Roads as well as industry suppliers. In 2001, Ewing joined Holland as North American Equipment Sales Manager, and later Director of International Sales. In 2011 he left Holland to form EO Paton (Hong Kong) Limited and acted as president of this business until October 2014 when it was sold to Progress Rail. Ewing has been with Progress Rail since, acting initially as Managing Director of International Business and later in his current role as Vice President of Track Services.
