**REMSA Hires TGA Association Management Solutions for Association Management and Government Affairs**

WASHINGTON, DC, June 1, 2021 – The Railway Engineering-Maintenance Suppliers Association (REMSA), a non-profit trade association representing the railroad maintenance-of-way supply industry, is pleased to announce the hiring of TGA Association Management Solutions, LLC (TGA AMS) for association management and government affairs services.

TGA AMS is a Washington, DC-based firm with experience in rail industry association management and a vast background in government relations.

“The REMSA Board of Directors is excited for this new partnership with TGA AMS and what it means for the future of our association,” said REMSA Board Chairman Jay Gowan. “TGA AMS brings industry expertise and new growth opportunities for REMSA and its members.”

“We are excited to welcome REMSA into the TGA AMS family and I look forward to working with the REMSA team to deliver continued success to the association for many years to come,” said TGA AMS President Matt Ginsberg.

REMSA’s headquarters is now located at 80 M Street SE, Suite 100, Washington, DC 20003.

###

*The Railway Engineering-Maintenance Suppliers Association is a non-profit membership-based organization located in Washington, D.C. that represents and promotes companies and individuals who manufacture or sell products and/or services in the railroad maintenance-of-way industry.*

*REMSA represents more than 200 rail suppliers, engineers, contractors, and consultants. REMSA’s Mission is to facilitate global business development opportunities to its members and advance initiatives in support of the rail industry.*
