

Rob Loomis, REMSA Director

Business Manager, Willamette Valley Company

Rob Loomis has several years of experience serving on different committees and Boards, including serving 9 years on the Polyurea Development Association board where he was involved in actively developing strategic plans, long term planning, overseeing association committee efforts, and generating membership growth. He has been at the forefront of developing innovating solutions for tie remediation with polymer materials and state-of-the-art equipment to increase efficiency. He currently serves as Business Manager for Willamette Valley Company.
